

Steve & Amy in the Mornings

Monday – Friday 6am -10am

Steve & Amy have been a popular morning show for over five years. They are very excited about coming to Austin! Steve & Amy are real people who love talking about family, faith and playing uplifting music. Sometimes it will be light and fun; other times it may be more serious or profound. But, one thing is always true – Mornings with Steve & Amy is a show the whole family can listen to together.

About Steve: My *real* last name is Sunshine. So it's amazing that my wife Gaye was willing to marry me – since it made her name Gaye Sunshine. We have a 12-year old daughter named Camille and an 8-year-old son named Meyer. Camille is smart-as-a-whip. In 2nd grade she was asking hard questions about the Bible that made us go “uh...a lot of *adults* are wondering the same thing. “ We adopted Meyer from Haiti in 2008. It took us three years and was without a doubt the biggest step of faith in our lives. He fits in great! He's a total showman, song & dance man, and super speedy runner. He somehow loses that quickness when it's time to eat or walk through a store! I didn't grow up in a Christian home and did not become a Christian until I was 30. My (future) wife played a huge part in my journey by patiently answering my questions. Having been a cynical non-Christian in the past helps me to relate to people who have negative pre-conceived notions. I love being part of the SPIRIT 105.9 Family!

About Amy: The first 27 years of my life were spent in North Georgia, where most of my family still lives. In 2003, I met my husband Lloyd at a minor league baseball game while working. My job was to play games with the fans between innings for the Rome Braves. He must have fallen in love with me while I conducted the dizzy bat race.

Our three little stompers are our joy. Quinn was born in 2004, Della in 2009 and our newest member Maggie in 2010. They keep us busy! Some days they make me feel young. . .some days they make me want to suck my thumb and rock back and forth while hiding in my closet. Mostly, they make me feel loved. I feel like our children show us the real meaning of God's unconditional love.

My hobbies include diaper changing, homework helping, trying out new recipes and trying to get into the outdoors as much as possible.

Being a part of the SPIRIT 105.9 family with Steve is a true blessing!
